SpeedFerries Retains 'Best Ferry Company' Title

SpeedFerries is extremely honoured to once again, have been voted 'Best Ferry Company' by the readers of The Guardian, The Observer and Guardian Unlimited in their 21st Travel Awards.

The scoring of these awards is designed to reward quality, rather than quantity. So it is not surprising, therefore, that SpeedFerries, a small family run company, has outstripped the stiffest competition from long-established rivals in the industry throughout the UK.

Once again, SpeedFerries would very much like to thank its customers who took the time to vote, and whose loyalty enables SpeedFerries to continue to successfully provide the friendly and efficient service which they enjoy and still offer the best value Channel-crossing.
